Description

You and your group are a team of pyrotechnicians who messed up the fireworks right before the great show, so now you all need to work together to put them back in their right place before the show starts. To do so, the players must build back the five fireworks (blue, yellow, red, green, and white). Each player is given 4 or 5 cards (depending on the number of players) which they cannot see, but they must show to the others. The goal is to form the five fireworks completely (up until number 5) before the three fuse tokens are used.
