## Description

The story of the game is that a group of people survive a shipwreck and end up on a desert island. They need to survive by getting water, food, and also wood to build a raft so they can leave the island. Besides, there is a hurricane getting closer. They do not know exactly when it will arrive, but the longer they stay on the island the more dangerous it becomes. The goal of the game is for everybody to leave the island, but since getting food and water can be hard, the possibility of not making it for some of them is very real.
