Description

The TOIMOINOUS is an educational kit who have to experience or observe situations of violence at school, which are often implicit or even ignored by the adult world. It leads to collective thinking and strategy designing to prevent school bullying. Being the victim of harassment, racketeering, physical or verbal attacks, the role of appearances and influences, the dynamics of exclusion, or to be the author of that, it is suffering for each child that should be recognized from the earliest age of socialization.
